Nations boast of their diplomacy when after all it turns out to be nothing but chicanery. Statesmen often get credit for being astute whereas in fact and in truth they are simply crafty.

It is said that President Roosevelt is more hopeful of peace that [illegible]y time since the peace conference assembled at Portsmouth. Probably he is in a position to [illegible] enough to make him an optimist.

The Norfolk Landmark remarks: "A frog will kick for a long time after it is dead. So will a politician." 'Tis true! 'Tis true! A politician will kick till he gets something or kick out of traces if something doesn't come his way.

Again there is talk of a permanent tariff commission. We know of no more competent tariff tinkers than the representatives of the people in Congress. Congress ought to make of the tariff what the revenues of the government require, guided by the wishes of the people expressed at the ballot box for protection or tariff reform as the case may be.

Says the Richmond Times-Dispatch: "Now, let us call a peace parley in the Democratic household and settle up in friendliness without indemnity." When Democrats are contending mightily for offices they ought to avoid the provocations which make it necessary to subsequently waste time in healing breaches in the party. Democrats are good at getting apart and not getting together.

There has been a rumor that Nan Patterson would soon be married, and, of course, a newspaper man had to hunt her up. To him she said: "I am going to marry Ralph Ash. He has asked me to be his wife and I have accepted him. I am going to cut out all my old acquaintances and surroundings and settle down to a quiet, domestic life." It is to be hoped that they will not be known as a pair of hot Ashes.

COMPLETE WAREHOUSE.

Building to Be Erected by Seaboard Air Line Right Away.

Work on the Seabcard Air Line's guano warehouse, mention of which was made yesterday in the Star, will be commenced within the next few days. This structure will be one of the most complete of its kind in the State. It is to be constructed of brick, and will be one-story in height. The dimensions of the building will be 84 feet in width by 300 feet in length.

The building with the wharf in front is to extend to the regular prescribed harbor line at deep water. Railroad tracks will be laid on both sides of the warehouse so as to facilitate the handling of products directly from it to the cars. An improved steam hoist and rigging for handling material from the ship side to the warehouse will be erected on the edge of the docks nearest the river.

The piling for the wharves will be driven by Captain E. D. Williams, of the Diamond Steamboat and Wrecking Company. There will be ample water at the wharves for unloading the largest foreign steamers that visit the port of Wilmington.

The contract for the erection of the building has been warded to John P. Pettyjohn & Co., of Lynchburg, Va. The building will be completed in time for the present fertilizer season, and it will be used exclusively for the storage of fertilizers and fertilizer material.

POPULAR COUPLE TO WED.

Cards for Marriage of Miss Mabry and Mr. McGeachy.

Invitations reading as follows have been received by friends in this city:

"Mr. and Mrs. Robert Charles Mabry request the honor of your presence at the marriage of their daughter, Helen, to Mr. John Alexander McGeachy, on Wednesday, the [illegible]er, at a quarter [illegible]ethodist Episcopal [illegible] N. C."

The an[illegible], coming marriage [illegible] a great deal of in[illegible]s of the two young [illegible]nd elsewhere.

Miss Mabry is very well known in this city, as she has been a member of the Wilmington High School faculty for several years. She is an exceedingly attractive and accomplished young lady.

Mr. McGeachy holds a responsible position with Messrs. Hugh McRae & Co., and is one of the most highly esteemed young business men in the city.

REVOLUTIONARY RELIC.

Gun Used by British Soldier in Carolina Campaign.

Col. F. A. Olds, of Raleigh, writes the Charlotte Observer that Col. S. J. Cobb, of Lumber Bridge, has sent to the Hall of History at Raleigh, the British musket used by his grandfather, Neil McAlpin, during the Revolutionary war. He writes that McAlpin was a lieutenant in the British army and was wounded at Ramsay's Mills, on Deep river, in the battle of March 28, 1781, thirteen days after that of Guilford Court House, and that he took the oath of allegiance to the United States at Wilmington, where he was left suffering from two wounds, his regiment having gone with Cornwallis to Yorktown. He took the oath some time after the surrender of Cornwallis. He then went to the Scotch settlement, in Robeson county, and located at Rennert, where he died in 1830. Col. Cobb says the old musket has killed hundreds of deer, bear, turkey, panthers and wildcats, and will still shoot as well as ever, making a noise equal to that of a small cannon, the recoil equaling the kick of a mule.

LABOR DAY CELEBRATION.

Two Bands To Play at Carolina Beach —Many Attractions.

The Labor Day celebration at Carolina Beach on Monday, September 4th, promises to be the greatest and most largely attended ever given in this vicinity. Two bands have been engaged to furnish music for the occasion and the day promises to be a continued round of gaity. Among the attractions at the beach will be a grand parade, contests of various kinds, dancing and other amusements. The round trip price will be only 25 cents and an enormous crowd will undoubtedly take advantage of it. The steamer Wilmington wil make five trips during the day. The committee of arrangements is composed of Messrs J. F. Stanland, chairman, J. G. Smith and E. C. Yarborough.

Coast Line Ticket Agent.

Mr. L. P. Green has been appointed ticket agent at the Atlantic Coast Line ticket office in this city. He is a clever and experienced railroad man and will undoubtedly fill the position in an efficient manner. Mr. Green comes here from Jacksonville, Fla., where he has had a similar position to the one he has here.

THE NEW BANK

Charter for the Southern National Bank of Wilmington is Granted

BEGINS BUSINESS SEPT. 15

Arrangements for Inaugurating New Enterprise Practically Completed. High Opinion of Mr. M. J. Heyer, Its President.

A telegram from Washington to Mr. M. J. Heyer yesterday afternoon conveyed the information that the application for a charter to organize the Southern National Bank of Wilmington, N. C., had been approved by the Comptroller of the Currency.

The authority for the organization of this bank was granted to D. L. Gore, J. A. Taylor, J. A. Arringdale, B. H. J. Ahrens, Z. W. Whitehead, and M. J. Heyer. These incorporators are among the most prominent and conservative business men of Wilmington and with men of their well known ability to steer the enterprise its success is assured.

The bank will have a capital stock of $200,000 and a surplus of $100,000 to be paid in by subscribers to the stock. All the business people of Wilmington will be given an opportunity to subscribe to the stock. All merchants and business men within a radius of 60 miles will also be allowed to avail themselves of this opportunity to secure stock in the new concern. The bank will have not less than 150 stockholders representing interests in and around Wilmington.

The bank will be organized as soon as possible and a board of directors will be elected. After the organization has been fully perfected the first payment on the capital stock will be called for. The bank promoters expect to have all preliminaries arranged shortly and will be ready to begin business on or about September 15th.

The board of directors will be selected from the most successful and enterprising business men of this city and the surrounding territory and their object will be to advance the interests of the bank in every way compatible with the methods of safe and conservative banking. Mr. Matt J. Heyer will be president of the new bank. He is president of the Atlantic Trust and Banking Company, one of the most successful banking institutions in the State, and ranks among the first of Wilmington's successful business men.

Mr. Heyer was born in Wilmington and has lived here all his life. He has been engaged in business undertakings in this city for the last 30 years and is today one of its wealthiest and most highly esteemed citizens. One of the most prominent business men of our city, and in fact of the whole State, says of Mr. Heyer:

"I have known him intimately for a number of years. I have been associated with him in various business undertakings, and it is a pleasure to say that my opinion of him has been strengthened as time has passed, both as to his high qualities as a gentleman and his ability as a man of affairs. Mr. Heyer is president of the Atlantic Trust and Banking Company which institution has made the most rapid progress of any previous institution organized in Wilmington in the same length of time in which it has been in operation. Mr. Heyer is financially one of the strongest men in this section and in my opinion has not a peer in this community as a financier. In my long acquaintanceship with him I have never known him to vary in the slightest degree in any transaction from a course which would be marked out and approved under the standard of the highest business ethics."

Mr. C. N. Evans, who is now cashier of the Merchants & Farmers National Bank of Charlotte, will be cashier of this new institution. Mr. Evans has been employed as a bank official for over 20 years. He stands at the head of the list of National Bank cashiers in North Carolina. Mr. Evans is a man of fine ability, high character, and staunch integrity. He was secretary of the Bankers' Association of North Carolina for two years. He is now president of this association.

Mr. Heyer is the only man raised in Wilmington who has been president of a financial institution since the war, of which the public has been interested as stockholders.

The new home of the Southern National Bank is a place of beauty. It is in the Southern building, on Front and Chesnut streets and will be occupied by the Atlantic Trust and Banking Company and the Southern National Bank jointly.

Both banks will be in their new abode on September 15th.

The Atlantic Trust and Banking Co.'s quarters will be in front of those of the other bank. Patrons of this institution will enter by the southern door, opening on the entry to the building.

The whole interior is finished in quartered oak with marble and brass trimmings. One must see the interior to appreciate its beauty and attractiveness.

The base of the fixtures is of Verde antique marble highly polished. The floor is of marble tiling and the side walls are wainscoted six feet high with sand. Beyond this the walls will be tinted a light buff color. The ceiling will have an old ivory finish and will be handsomely decorated.

As one enters the southern entrance he comes immediately into the offices of the Trust Company. The cashiers, teller's and clerks' windows are all near each other and conveniently arranged. A small swinging door to the left leads one into the president's office. This office will serve as the president's office for both banks. It will of course be handsomely fitted up with all the furniture and accessories necessary. Just to the rear of the president's office is the stenographer's office. This room is to be fitted up with the most modern equipment. The stenographer's room constitutes the dividing line of the two banks.

The first room of the Southern National Bank is the cashier's office. This office is being fitted up under Mr. Evans' personal supervision and will be a gem when it is completed.

The paying tellers cage is just to the rear of this office. Then comes in the order mentioned, the individual bookkeeper's desks, the receiving teller's office, the collection clerks' desks, the bookkeepers' desks, three in number, made of highly polished quartered oak, the mailing table, the money table, a private office for the use of customers when they wish to consult the officers of the bank, and finally the directors, room. All these apartments are in oak and are trimmed with hammered plate glass and with grilled brass works.

The most interesting feature of all is the bank's vault. The front has three steel doors made principally of Bessemer steel. The vault is steel lined and has in addition 27-inches of masonry.

Public safety deposit vaults, toilet rooms, etc., will be located in the basement of the building.

JAPANESE FAN PARTY.

Charming Entertainment by Ladies of Fifth Street Church.

A unique, charming and delightful entertainment was given last evening at the residence of Captain E. D. Williams, on Sixth and Ann streets. The affair was under the auspices of Circle, No. 1, of Fifth-Street M. E. church, South, and the party attracted a very large crowd of young people during the evening.

The decorations consisted of Japanese fans and umbrellas and the comers were charmingly received at the door by Misses Bessie LeGwin, Bessie Williams, Mary McCullen, and Mamie L. McGirt. In the front hall was a pretty tea table presided over by Miss Eslie Risley, and during the evening ice cream and other dainty refreshments were served at other tables. The young ladies who received and served the company were dressed in white and their hair was dressed with tiny fans and umbrellas, the effect being quite novel. They placed a fan in the lapel of each gentleman's coat as a souvenir of the affair.

Besides the features mentioned a delightful musical programme was rendered as follows:

1.—Male Quartette, "Selected"—Messrs. W. R. Dosher, 1st tenor; A. L. Dosher, second tenor; W. A. McGirt, 1st bass; W. D. Muse, second bass. Mr. J. W. Fleet accompanist.

2.—Vocal Solo, "Selected" — Miss Lucy McIntosh.

3.—Piano Duett. — Misses Hattie Gardiner and Camille Fleet.

4.—Another number by the male quartette.

All the numbers were rendered in a most superior manner, the solo of Miss McIntosh calling for an encore. Her soprano voice was greatly admired.

FALSE PRETENCE FELL DOWN.

Three Young Men of Charlotte Were Arrested.

William Carter, Leslie Helms, and D. M. Aldrich, three young men operatives from Charlotte, were arrested yesterday on a charge of obtaining money on false pretence. They were arrested at the instigation of Mr. W. H. Seymour, foreman of the Wilmington Cotton Mills. It seems that Mr. Seymour sent transportation to the young men, who were in Charlotte, he having employed them to work in the mills here. When they arrived in Wilmington and did not report for work, Mr. Seymour thought he had been worked for the amount of transportation and accordingly had them arrested.

The case was tried yesterday morning before Justice Furlong. From the evidence introduced it developed that two of the men had gone to work after the warrants for their arrest were issued, and the third one was prevented from accompanying them by illness. The case was dismissed by Justice Furlong, and the prosecutor, Mr. Seymour, was ordered to pay the costs of the case. The three men started to work at the mill yesterday afternoon.

THE EAGLES' CLUB ROOMS.

Among Furnishings Will Be Piano, Billard and Pool Tables.

The Fraternal Order of Eagles will have one of the handsomest lodges in the State when they finish equipping their apartments in the Shrier building on North Front street. As mentioned several days ago, the Eagles have leased from Mr. Shrier the second and third floors of his new building. These floors were planned especially for the use of secret orders and are very conveniently arranged.

A committee from the order yesterday began the work of purchasing the furnishings for their home. This will be made comfortable and home-like by the handsome and artistic furniture already ordered. A piano, buffet, pool and billard tables, lounges and easy chairs have been purchased and will be installed within the next few days.

The Eagles are starting their fraternal career under the most favorable conditions possible and their order bids fair to be among the most prominent and successful ones in this locality.

Back from Ireland.

The many friends of Alderman Martin O'Brien, mayor pro tem, are greeting him heartily since his return. Mr. O'Brien reached the city last evening from New York where he disembarked a few days ago from the steamer Campania on his return voyage from the mother country. He sailed from Queenstown on August 13th, and was only six days making the trip across the Atlantic. Mr. O'Brien is looking well, and says his health has been greatly benefited by the trip. He spent a great part of his time in his native Ireland, and had a most delightful time visiting relatives and friends in the old country.

HARBOR FIRE BOAT

City to Have One Built and Equipped With Steam Fire Engine

TO FIGHT FIRE ON WHARVES

Engineer Will Remain On Board, and In Ten Minutes Any Point in Harbor Can Be Reached—Bids Invited.

At the annual meeting of the Board of Aldermen in June an appropriation of $2,000 was made for the construction of a fire boat to be equipped for fighting fire along the harbor front and on Eagles' Island, on the west side of the harbor where are located a number of naval stores yards, warehouses, and other valuable property. The need of such a boat has long been felt as a protection to the two miles of wharf property along the water front, and the business men who have thousands of dollars worth of property along the wharves will be gratified to know that the action of the Board of Aldermen is to be carried into effect at the earliest possible day.

Aldermen Martin Rathjen, chairman of the Committee on Fire Department, has secured plans and specifications for a fire boat in accordance with the purpose of the Board of Aldermen, and in this morning's Star invites bids for the construction of the boat as planned. The builder is to furnish material and labor for building the boat, and turning it over to the city ready for the necessary machinery for its equipment.

The boat is to be built on the deadrise plan which calls for a keel about 44 feet long. The length of the vessel will be 50 feet over all and its width of beam 12 feet. The bow will be constructed of heavy oak timber, and there will be a staunch deck with a house, coal bunker, fuel tank, etc.

The machinery of the fire boat will be a 25 horse-power engine to furnish power for propelling the vessel anywhere in the harbor. She will be run by a propeller, and will have regulation steering gear. The boat will draw three feet of water.

The deck will be specially constructed to carry one of the fire engines of the Fire Department. It is proposed to house on the boat the "Atlantic" engine, formerly used by the old Wilmington Steam Fire Engine Company, and this engine will be a fixture on the boat to be in constant readiness in case of fire anywhere on the water front.

On the deck will be a house for the living quarters of an engineer who is to remain on duty aboard the boat. His quarters will be fitted with a gong and when a fire alarm is turned in from any box along the water front, the steam fire engine will be fired immediately and the boat's naptha engine also fired to run the boat to the scene of the fire. The boat will be able in from five to ten minutes to run to any point in the harbor and by the time she gets there steam will be up in the fire engine. The "Atlantic" is a fine engine and will throw 600 gallons of water per minute.

The fire boat will probably lie at Dock street dock, and in the event of an alarm calling for its services, the hose reel crew of Engine Company No. 1 will proceed to the wharf and furnish men to go with the boat to the fire. Meanwhile the Fire Department will also report at the fire if its services can be used to advantage.

The fire boat will be quite an addition to the Fire Department and will add immensely to the protection of the valuable property along the harbor front. Parties who desire to file bids for its construction can see the plans and specifications at the office of Chief Charles Schnibben, at Chemical Engine House, on Fourth street between Market and Dock streets. Bids are also invited for supplying a 25 horse-power gasoline engine. Bids will be received till 12 o'clock noon September 1st.

MR. S. P. McNAIR MARRIED.

Led Miss Wilhelmina Moore to the Altar Yesterday.

Mr. S. P. McNair, a prominent citizen of Wilmington, and Miss Wilhelmina Clifford Moore were married at 6:30 o'clock yesterday morning at the home of the bride's mother, Mrs. V. B. Moore, at White Lake, Bladen county. The couple were attended by Miss Charlotte Love, maid of honor, and Mr. James C. Robeson, best man. The attendants preceded the couple to an improvised altar where the ceremony was performed by the Rev. A. McFadyen. The ring service was used.

On Wednesday evening an informal reception was given and an elegant supper served. The wedding was very quiet, owing to the recent death of the bride's father. Only a few near relatives of the contracting parties were present.

Although no invitations were issued, the couple received many useful and handsome presents.

Immediately after the ceremony Mr. and Mrs. McNair left for a tour of Northern cities.

Mr. McNair is one of Wilmington successful grocery jobbers and is a prominent and valuable citizen of our city. He has a host of friends all over Eastern North Carolina, who will join us in felicitating him upon his marriage.

Mr. Loftin resigned his position because of ill health. He will leave in a few days for Blowing Rock where he will remain until his health is fully restored. He has not formulated his plans for the future other than that he will make his home elsewhere. Mr. Loftin's friends here regret exceedingly his departure and wish him an early restoration to health and the best success wherever he may locate.

Lumley-Cartwright Case.

The cases against Zack Lumley and Frank Cartwright which were to have been tried yesterday afternoon before the Mayor were postponed until today at noon. It will be remembered that in an altercation between the two men at the Willard Bag factory Wednesday afternoon, Lumley was struck over the head with an oar by Cartwright and was painfully cut. Both men are charged with an affray and assault with deadly weapons. The case promises to be quite interesting and a large crowd will probably go to the City Hall to hear the testimony. The case will be called for trial at 12 o'clock.

CARD FROM JUSTICE WALKER.

Middle Sound, N. C.,
August 23, 1905.

Editor Star:

Sir—In your report of the trial, Futch vs. Alexander, you say that Justice Walker held that the county commissioners were not responsible for the condition of the fence, while the fact is that the justice held exactly the contrary, but decided that there was no evidence to show that the defendant wilfully neglected to keep fence in repair, and that in the absence of such evidence the justice held that the plaintiff was not entitled to penalty asked for.

As I would not like to go on record as deciding that the commissioners are not responsible for the maintaince of a good and sufficient fence between New Hanover and Peneler counties, which is plainly made their duty by Section 2, Chapter 290, Laws of 1899, I ask you to publish this explanation.

Yours respectfully,

Chinaman In Court.

For the first time in many moons a son of the Celestial Empire was before the migistrate's court yesterday. Lem Joe, a Chinaman who is interested in a laundry on Market street, was arrested yesterday morning and carried before Justice Bornemann, the charge against him being that he wilfully cursed two of the colored laundresses employed in the laundry, with no apparent cause whatever. After hearing the evidence in the case, Justice Bornemann declared John Chinaman to be guilty and fined him $5 and costs. The Celestial was represented by William J. Bellamy, Esq., and the fine and costs were paid.

WILLIAM H. BERNARD.

WILMINGTON, N. C.

Friday Morning, August 25.

MR. HYDE SHOULD COME HOME AGAIN.

We take the following from the editorial columns of the New York Times:

"There would seem to be a good deal of reason for regret among the friends of Mr. John Hyde, late head of the Statistical Bureau in the Agricultural Department, that he remains so long in London instead of hastening back to Washington where—well, where he could at least be of much assistance in bringing to justice the dishonest officials who were so long able to carry out their conspiracies under his too unsuspicious eyes. Mr. Hyde not long ago explained his continued delay in the British capital by saying that he went there to secure the services of a medical specialist, and that he did not want to return until the treatment begun had been completed. Now, with all due respect for the doctors and surgeons of London—and that is a lot of it—one may safely doubt that there would be much difficulty in finding their equals in most things here, and, as is evident from the closeness with which Mr. Hyde is following the developments in the department scandal and from the vehemence of his comments thereon, his case is not exactly one to be called desperate. The place for him, as a good citizen strongly interested in the protection of the public from wrong and in the bringing to justice of criminals of a particularly dangerous class, is right here in this country, and it will be likely to excite unpleasant comment if he remains away much longer. Atlantic passages are almost sure to be tranquil at this season of the year, and both on the voyage and after his arrival he would receive competent medical attention. From the very beginning of the trouble, or rather of the exposure of the trouble, in his bureau, Mr. Hyde has been slow to realize the gravity of his position—the weight of his responsibility. He denied the wrongdoing of his subordinates as long as he could, and after his resignation he went abroad while conditions were such as to make his presence here useful in many ways. He is making a great mistake—or inviting the dreadful fate of having some body say that he is showing great wisdom."

There is something in what the Times says in the above to impress a man who has enough patriotism in him to desire that the civic uprightness of his government shall be kept untarnished. Many a man is willing to die for his country and Mr. Hyde could well afford not to let his carbuncles stand in the way of his coming home to protect the honor of one of the Departments of the government and especially of a bureau over which he had control, or rather charge, as it doesn't appear that he had much control over it. Besides the purely patriotic aspect of the case, Mr. Hyde would have the strongest possible incentive to hurry him back to America and that is to protect his own honor and reputation. If Mr. Hyde, even at the risk of great personal suffering, had returned immediately to the United States it would have made him appear to be a much bigger man than he is, and certainly it would have estopped the press from commenting upon his absence in a way that leaves him under suspicion.

Mr. Hyde certainly can't be oblivious to the enormity of the crime of Associate Statistician Edwin S. Holmes when it is realized that his juggling of the cotton report statistics caused the cotton producers of this country $200,000,000 in one day. If the juggling had affected the purchases of cotton in the same way the effect would have been the same. The New York Times is right when it says under these circumstances that Hyde's duty as a good citizen "is right here in this country." Every man ought to realize the gravity of his responsibility to the 80,000,000 of people of the United States.

YELLOW FEVER SITUATION.

The Star's telegraphic dispatches show that there is perceptible improvement of the yellow fever situation in New Orleans. The scientific handling of the fever and the systematic fight against its spread evidently are having their effect. The most disturbing element, however, is that the fever is spreading outside of New Orleans, having been carried to various points by refugees from the stricken city.

The first month of the yellow fever visitation ended Monday, showing a record of 1,385 cases and 196 deaths in 311 localities, mainly in the States of Louisiana, were Texas and Missippi. There discharged as cured 753 persons of various nationalities. The official record also shows that for the month the death rate was 14.1 per cent. of the cases diagnosed as yellow fever.

Every port on the South Atlantic is deeply concerned in the fight at New Orleans, and the result will be watched with keen interest. This visitation of "mosquito fever" at New Orleans ought to be the last the South will ever see. It will be if there is proper sanitation and careful quarantine regulations.

SEPTEMBER MAGAZINES.

McClure's Magazine for September is out and it is one of the best of that popular publication. There is a table of contents of more than usual interest and value, including stories, poems and contributed articles of current importance. The strictly literary features of McClure's grows stronger all the time, and its price places the publication within the reach of all. Subscription per annum $1; 10c per copy. Address the S. S. McClure Co., Fourth Avenue and 23rd street, New York.

The September number of Pearson's has been received. This magazine is always a welcome one to readers, and the varied reading matter for the month makes it unusually so. There are more than a score of contributed articles among them "New Hope for the Consumptive," "Bandit Hunters of the Union Pacific," "A Sailor of Fortune," and other stories, verse and entertaining reading matter. Kate V. St. Maur continues her exceedingly valuable and practical articles on "A Self Supporting Home." The price of Pearson's is $1 per annum; 10c per copy. Address The Pearson Publishing Company, 2 to 20 Astor Place, New York.

TWINKLINGS.

—"Isn't Hussel going to take a vacation this summer?" "No." "Why, he took one last summer." "Yes, but he was on salary then. He's a member of the firm now."—Philadelphia Press.

—"Of course, your husband spends his evenings at home?" "Not all of them; he was out till midnight last night." "I'll bet if he were my husband I'd know where he was." "I do know; I was with him."—Exchange.

—"Yes, sir," said the noisy party, proudly, "I am a self-made man." "Well, don't let a little thing like that worry you," rejoined the quiet party, "Keep your mouth shut and no one will ever suspect it."—Chicago Daily News.

—Mrs. Housekeep—"You're always up so early, Bridget, there's lot of your work you might get done before any of the family get up." Bridget—"Thrue for ye ma'am. I might be making up the bed."—Philadelphia Ledger.

—Echoes of Taggart Case.—He—I suppose that even in this dull army post life there were limitations to your privileges. She—Oh, my, yes! We could hardly ever drink more than a quart apiece at a time!—Cleveland World-News.

—Senator, do you think the new member of the committee is honest?" "Honest!" exclaimed Senator Badger. "I should think he is. He would no more accept money from a person he didn't know than anything in the world."—Milwaukee Sentinel.

"Rather hard to lose your daughter, eh?" said the guest at the wedding. "No," replied the bride's father; "it did look as if it was going to be hard at one time, but she finally landed this fellow just as we were giving up all hope."—Philadelphia Public Ledger.

—They were about to go for a sail on the lake. "Shall we—er—take your chaperon with us?" queried the young man. "Will there be any danger?" she asked. "Well, the boat might capsize," replied the youth. "Then let us take her along by all means,' said the fair damsel.—Chicago Tribune.

—Mrs. Gabble—No, indeed, I don't have that woman doctor any more. Mrs. Querry—Why, I thought you liked her. Mrs. Gabble—Oh, she got to be hateful. She used to keep the thermometer in my mouth nearly all the time, so that I couldn't say a word, while she monopolized conversation.—Philadelphia Public Ledger.

"Please Smile AND Look Pleasant."

When a woman says "I am racked with pain," the word "racked" recalls the days when they stretched the tender bodies of women on the rack with rope and pulley until the very joints cracked.

Fancy an attendant saying to the tortured woman, "Please smile and look pleasant."

And yet the woman "racked with pain," is expected to smile through her agony and to make home happy. She can't do it. It is against Nature. Generally speaking, the racking pains of ill-health such as headache, backache and "bearing-down pains" are related to derangements or disorders of the organs distinctly feminine. When this condition is removed the general health is restored, and with health comes back the smile of happiness.

Any woman may regain her health at home without offensive questionings or examinations by the use of Dr. Pierce's Favorite Prescription. Sick women may consult Dr. Pierce, by letter, free of charge. Such letters are treated as sacredly confidential.

"It affords me pleasure to relate the wonderful merits of your great medicines, especially your 'Favorite Prescription,'" writes Mr. J. Wesley Rhine, of Woodbury, N. Jersey, L. Box 282. "My wife has been using it for some time past, having suffered severely with bearing-down pains, aching in back, and many other complaints peculiar to women. She was very weak, could not do any heavy work or washing but can do all kinds of work now. She is soon to become a mother but we do not fear the result (as heretofore), all due to your wonder-worker, 'Favorite Prescription.'

"Your 'Pleasant Pellets' are also worth many times their price. I have used them for billiousness and stomach trouble, and have found them to be all that you claim. They are my constant companions—once used, always kept."

Given away. The People's Common Sense Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. The book contains 1008 pages, over 700 illustrations and several colored plates. Send 21 one-cent stamps for the paper-bound book, or 31 stamps for the cloth bound. Address Dr. R. V. Pierce, Buffalo, N. Y.

CURRENT COMMENT.

—There is strong suspicion that while Mr. Wu was in the country asking those innocent questions he learned the exact location of Uncle Sam's sensitive spot and the best way of getting at it.—Chicago Tribune.

—President Roosevelt is said to feel coldly toward Vice-President Fairbanks' ambition to succeed him. President Roosevelt must not forget that he was once only a poor, struggling, obscure vice-president himself.—Philadelphia Ledger.

—Washington's newest suburb is across the Potomac in Maryland and the settlement is to be made up exclusively of negroes. Anybody could guess the name of the place—"Roosevelt." It couldn't have been anything else.—Charlotte News.

—The Summer Item says that nearly everybody is having something to say about the dispensary except the candidates for governor and it calls upon them to talk up. It would be real cruel to push these estimable gentlemen off the fence just at this time. They are not so sure where they will land.—Columbia Record.

—All of the governors of all of the States having now replied for the most part favorably to Governor Pennypacker's suggestion of a national congress of States' delegates to draft uniform divorce legislation to be presented to all the Legislatures, the prospect of divorce reform would seem to be more promising. This is better Pennypackerism than the Pennsylvania governor has previously indulged.—New Orleans States.

—Miss Nan Patterson, the defendant in the famous Caesar Young murder case tried in New York city several months ago, was a visitor on Sunday at Ocean View and came up to Norfolk. Miss Patterson arrived on the Washington steamer in company with a lady and gentleman who were said to be the Smiths, her sister and brother-in-law. She was recognized both on the steamer and at Ocean View, where she attracted attention by her attractive appearance. The party went from Ocean View to Old Point, and then to Pine Beach.—Norfolk Landmark, August 22.

—"In the State of Texas, and particularly in Fort Worth, we never have any trouble with the negroes in our educational system, because we have entirely separate schools and teachers for whites and blacks," said Alexander Hogg, Superintendent of School of Fort Worth. "And perhaps to the surprise of the people of the North, we pay our negro teachers just what we pay our white teachers in the same grades. In Fort Worth at the present time we have an excellent system, which has kept pace with the growing needs of the expansion of the city. We have 120 teachers and 5,000 scholars, where a few years ago we had only 500."

THE COTTON MARKET.

New York, August 24.—The cotton market was little less active and after making a new high record for the movemnt early in the session developed a reactionary tendency, with the close barely steady at a net loss of 5 to 8 points. Sales were estimated at 450,000 bales.

The opening was firm, unchanged to 7 points higher on bull support and covering, and the market inside of the first half hour showed a net gain of 9 to 11 points with October selling at 11.05 and January at 11.24 or a shade above the high level of the previous day. Offerings increased around these figures, smaller longs being disposed to take profits owing to the heaviness in Liverpool and predictions for showers in Texas, where continued drought conditions had been one of the factors on the early advance. Large speculative interests absorbed these sales and the market during the middle session ruled irregular about 4 points below to as many over last night's prices. The absence of outside buying orders and less aggressive bull support emboldened room bears, however, and toward the close offerings were more liberal, for both accounts, forcing final quotations to the lowest of the session. Southern spot markets were 1-16c lower to 1-8c higher, generally unchanged. Reports of a better spot demand helped the market early advance and private wires reported firm interior holders.

Receipts at ports today were 11,261 against 1,326 last week and 5,934 last year. For the week estimated, 50,000 against 50,669 last week and 32,539 last year. Today's receipts at New Orleans 1,877 against 1,039 last year, and at Houston 4,835 against 3,682 last year.

Public is Aroused.

The public is aroused to a knowledge of the curative merits of that great medicinal tonic, Electric Bitters, for sick stomach, liver and kidneys. Mary H. Walters, of 546 St. Clair Ave., Columbus, O., writes: "For several months, I was given up to die. I had fever and ague, my nerves were wrecked; I could not sleep, and my stomach was so weak, from useless doctors' drugs, that I could not eat. Soon after beginning to take Electric Bitters, I obtained relief and in a short time I was entirely cured." Guaranteed at R. R. Bellamy's drug store; price 50c. **

Fiendish Suffering

Is often caused by sores, ulcers and cancers, that eat away your skin. Wm. Bedell, of Flat Rock, Mich., says: "I have used Bucklen's Arnica Salve, for Ulcers, Sores and Cancers. It is the best healing dressing I ever found." Soothes and heals cuts, burns and scalds. 25c at R. R. Bellamy's drug store; guaranteed. **

WHY?

Why, when buying a book, are we influenced by the author's name? Why, by an artist's, if we purchase a picture?

Why do wise buyers insist upon having a reliable name on nearly everything they purchase?

It is because the name attached is the safe-guard of the buyer—a protection against the palming off of inferior articles.

This "name guarantee" we all look for in the most important things we buy, and what can be more important than our food?

Everybody knows that all intelligent housekeepers are very particular about the buying of things to eat and drink, and nobody realizes it more than the up-to-date grocer, who caters to the wants of his customers.

For instance, every real grocer knows the reason for the universal popularity of Lion Coffee, the leader of all package coffees. He knows that its uniform purity and high quality have made it welcome in millions of American homes for over a quarter of a century.

Realizing this, he cannot but hand it out cheerfully when asked for it. He knows that the people accept the package as a guarantee of the contents.

Yet there may be a few grocers left who do not recognize that the buyer—not the seller—has the right of choice, and they may want to sell their loose coffee (who knows what it is, or where it came from?) instead of Lion Coffee, which the customer asks for, and the merits of which both know.

In such cases the wisest advice is: "Change your dealer."

A Touching Story

is the saving from death, of the baby girl of Geo. A. Eyler, Cumberland, Md. He writes: "At the age of 11 months, our little girl was in declining health, with serious Throat Trouble, and two physicians gave her up. We were almost in despair, when we resolved to try Dr. King's New Discovery for Consumption, Coughs and Colds. The first bottle gave relief; after taking four bottles she was cured, and is now in perfect health." Never fails to relieve and cure a cough or cold. At R. R. Bellamy drug store; 50c and $1.00 guaranteed. Trial bottle free. **

OUR SHOE DEPARTMENT

We have been receiving a great quantity of Fall shoes and we handle several strong lines. We sell the Crosset shoe that makes life's walk easy for men. To wear this shoe will be a pleasure to them and the style they represent are all up to date new things. We sell the Battle Ax shoe in all its different styles, from $1.25 to $3.50 a pair. We are showing a line of shoes for men, of genuine Goodyear welt, shoes that retail everywhere for $2.50, we are making a special offer of $2.00 on this line. We sell a man a good all solid shoe for $1.25 a shoe that will wear and prove satisfatcory. In our ladies' shoe department, we sell "The Southern Girl." "The Southern Bell," "The Vicious," and several other lines, all at $1.50 a pair. "The Southern Bell" and "Vicious" is absolutely guaranteed to wear and is solid in every pair. If not satisfactory, we give a new pair in place of them. You get the same service that you do in a $2.50 shoe and only pay $1.50. We handle all grades of boys and girls shoes and in all prices, from 25c to $2.50 a pair.

FURNITURE.

Our furniture store shows a nice selection of iron beds, a big line of springs and a splendid line of mattresses. A nice line of cots, pillows, some extra good lounges, plenty of bed room suits from $16.00 to $75.00 a suit. Iron beds from $2.98 to $10.00 each. Wire springs from $1.98 to $5.00 each. Felt mattresses at $6.00, $7.50 and up to $15.00 each. Cotton top mattress full size, extra heavy at $1.98. A mattress cotton both sides, tufted edges for $3.25 each. Blankets, quilts and comforts, all grades and styles. We feel that our stock is complete in this line. We are offering some very good values for your inspection. Our big clothing store is new with us from last season. Our stock this Fall will be all new. We bought our Winter stock early in the season and had them made especially to our order. We have also added a nice tailoring department in which we can show you five hundred samples to select from. Every garment suit is guaranteed to fit and we feel certain that our prices are lower than other concerns. We believe in small profits and quick sales. We would like to show you our book of samples. Why not step in and see them.

In our big store Nos 208 and 210 which is 49 feet wide and 125 feet long, is filled full of goods for ladies and families. We carry the greatest assortment of dress goods sold in the city and almost in the State. We bought our dress goods stock early, from different factories in the month of June. These goods are made especially for our store and we are today able to sell dress goods as low as we ever have in the history of our business. Our serges are 44 inches wide, extra heavy weight that we can show you for 50c a yard. Our ladies' cloth that we sell for 98c is 54 inches wide and extra nice quality. It is finished with a high soft finish and has been sponged and shrunk and is of the same quality that you are offered elsewhere at $1.25. In our dress goods department we are showing a line of goods that represents all the Fall styles in tricats, serges, coverts, sicilians, brilliantines, broadcloths, kerseys, flannels and dozens of other materials too numerous to mention.

Why stop to think. Go to Gaylord's with your memoranda. He can fill it complete.

His clothing store for men and boys. It is no joke, we have the grandest assortment of clothing of any store in town. Our Fall stock is bought from the best tailoring concerns in the country and our goods are the latest and newest styles. We can fit your little son with any kind of suit you may like and for yourself, yes you, it matters not who, if you want to pay a little or you want to pay much. Our stock and selection is great enough and we think we can please both you and your pocket book. You know the old adage "a dollar saved is a dollar made." Why pay the regular clothing house a hundred per cent. profit, when Gaylord will sell it to you for 25 per cent. Look through our stock and see if it is not as large or larger than any house in the city. The named prices would be of no value to you nor a guide as quality represents price and we claim to sell good quality with a low price. To prove this, we ask you to give us a look. Go in our store, 206 Front street, and see the prettiest store in the State, 35 feet wide by 120 feet deep, where you will find men's clothing, boys' clothing, shirts, collars, neckties, handkerchiefs and gent's general furnishings on the first floor. We also carry men's overalls, The Headlight, the best overall sold in the world, every seam is felled and every garment is sold on an absolute ten day's guarantee. If not perfectly satisfactory we take them back and refund the money. They are no more than any other overall, only $1.00 each. We have also a cheaper brand called "Never Rip," extra good value at 50c a pair.

Our line of hosiery and gloves is something for your consideration. We fel that our stock is complete in this line and we don't stop to worry your memorandum. Gaylord has what you want. He owns his goods at the right price and he wants to sell them. He pays cash and he gets cash. You pay nobody's debts buying from Gaylord as he treats every one alike. He punches cards with every purchase and gives away valuable presents free. He looks after your wants in all the small things you may need and sells you many articles for two and three cents that others charge you five cents for, and the same way through the whole store.

You cannot miss the place, it is near the Postoffice, Nos. 206, 208 and 210 North Front street. The largest one man's store in the State.

SPIRITS TURPENTINE.

—There arrived at High Point on Tuesday a car containing 26 tons of rails to be used on the High Point & Winston Electric Railway, these rails will be put down at once, commencing on Main street at High Point.

—A correspondent of Elkin writes: An immense amount of brandy is being made in this section, if we can judge by the amount of brandy barrels that have been sold. One firm has sold two and a half car loads of barrels, enough to hold seventeen thousand gallons.

—A charter has been granted to the Young-Hartsell Mills Company, which will build and operate a cotton spinning and weaving mill in No. 11 township, Cabarrus county, near Concord, the capital stock being $200,000, one-fourth preferred, J. L. Hartsell, R. S. Young and W. C. Houston being the stockholders.

—At Asheville on Wednesday, S. C. Whittaker and E. B. McFaden, of Gastonia, were given a hearing and bound over to the next term of superior court in the sum of $100 each. Whittaker and McFaden were arrested, charged with enticing cotton mill employes from the Asheville cotton mills to Gastonia.

—Mr. Charles St. John, proprietor of Piney Woods Inn at Southern Pines, is remodeling and adding to his fine hotel building. He will build 20 new rooms, half of which will be provided with private baths. At present the building has 30 rooms and 30 baths. The extra room space is necessary for the accommodation of the increased trade at the Inn.

—Captain J. D. McNeill, of Fayetteville, has enlarged his cotton ginning plant, which he operates in connection with his extensive grain mills, on Old street putting in a new gin and press, doubling the size of the building and running a wagon driveway through the center. There is also a 40-horse power gasoline engine in connection, to be used on rare occasions when Cross creek fails to furnish water power.

—There are to be several changes at Southern Pines and Pinehurst the coming season. The trolley line between those points has been sold to the Page Railroad and will be discontinued. The electric cars will no longer ply between Pinehurst and Southern Pines. The passengers bound for Pinehurst over the Southern will be carried by High Point, Asheboro and so on over the Page road, and those by the Seaboard will go by Aberdeen and the Page road. This news will interest all of those who are in the habit of visiting these popular winter resorts. The electric car line was one of the attractive features. I ran six miles through the sand-hill country, and by the pretty orchard of Mr. J. Van Lindley.

—A dispatch from Asheville on Wednesday say: A deed has been filed in the office of Register of Deeds Fortune in which A. J. Cole and wife, of Big Ivey, convey to J. D. Dunlap, of this county, the mineral deposits on seventy-five acres of land lying in Ivy township. The consideration was $4,000. The purchaser of the mineral properties on the boundary is given the privilege of erecting buildings, prospecting and taking from the earth all the minerals found. Prospecting for gold and other minerals in the northern section of Buncombe county has been going on for some time and experts are of the opinion that gold, in no small quantity, is to be found, in certain localities of the county.

—Secretary Pogue, of the State Fair, says the visit of the president to the fair in October is attracting attention everywhere and that, as a result, the line of exhibits will be much greater than ever before, and far more varied, and that the attendance will break all records. The railways have promised that they will have ample supplies of cars for handling the people. The rate for the round trip is to be only one fare. More gates and turnstiles have been ordered from the wrecking company, which took down the buildings at the World's Fair, at Chicago. The new grand-stand is about half finished. Next year it is proposed to all a wing to it. The premium list will be issued in about ten days.

—A dispatch from Morganton on Wednesday says: M. L. Kestler, who was yesterday elected superintendent of the Baptist Orphanage, at Thomasville, to succeed Rev. J. B. Boone, has accepted the position and will leave Morganton September 1st, to take up his new work. Mr. Kestler has been pastor of the Morganton Baptist church a little more than a year and has greatly endeared himself to our people. He handed in his resignation as pastor of the church to-day and the same will be acted on at a meeting of the members to-night. The new superintendent is a very able man, possessing executive ability, and is of a very artistic turn of mind. He is a native of Iredell county and came here from Scotland Neck, where he was pastor of the Baptist church.

Peculiar Disappearance.

J. D. Runyan, of Butlerville, O., laid the peculiar disappearance of his painful symptoms, of indigestion and biliousness, to Dr. King's New Life Pills. He says: "They are a perfect remedy, for dizziness, sour stomach, headache, constipation, etc." Guaranteed at R. R. Bellamy's drug store, price 25c. **

TESTS PATIENCE

The Most Patient Wilmington Citizen Must Show Annoyance at Times.

Nothing spoils a good disposition,
Nothing taxes a man's patience,
Like any itchiness of the skin,
Itching Piles almost drive you crazy.
All day it makes you miserable,
All night it keeps you awake.
Itch! Itch! Itch! with no relief.
Just the same with Eczema.
Can hardly keep from scratching it.
You would do so, but you know it makes it worse.
Such miseries are daily decreasing.
People are learning they can be cured.
Learning the merit of Doan's Ointment.
Plenty of proof that Doan's Ointment will cure Piles, Eczema or any itchiness of the skin.
Read the testimony of a Wilmington citizen.

H. Cronenberg, Photographer, of 119 1-2 Market street, says: "I used Doan's Ointment and it did its work promptly and permanently. I had a rash all over me, and no one knows how I suffered. It was like being in the infernal region and I could get no relief. I did not dare scratch because that made it worse. I tried everything but only to be disappointed. Some one told me about Doan's Ointment and I procured a box at R. R. Bellamy's drug store. I went home and applied some of the ointment, and I can say brought the first relief I had for a long time. I can only add that it is a preparation of great merit."

A WOMAN TO BE PRETTY

Must Have Luxuriant and Glossy Hair, No Matter What Color.

The finest contour of a female face, the sweetest smile of a female mouth, loses something if the head is crowned with scant hair. Scant and falling hair, it is now known, is caused by a parasite that burrows into the scalp to the root of the hair, where it saps the vitality. The little white scales the germ throws up in burrowing are called dandruff. To cure dandruff permanently, then, and to stop falling hair, that germ must be killed. Newbro's Herpicide, an entirely new result of the chemical laboratory, destroys the dandruff germ, and, of course, stops the falling hair, and prevents baldness. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

WANTED!

A Good Barber!

GUION & DAVIS

The Morning Star.

WILMINGTON, N. C.

Friday Morning, August 25.

WARM WIRELETS.

Colonel Tazewell Ellett, of Richmond, Va., who was arrested Wednesday night during an altercation with waiters in a restaurant, was discharged at court yesterday.

A new double deck freight and passenger steamer is to be constructed jointly by the Mobile and Ohio railroad and the Munson Line for the Cuban service between that port and Havana. The vessel is to be delivered in a year.

A Tracey dispatch to the Nashville Banner says: When the Tennessee Consolidated Coal Company attempted to open the mines yesterday, after a shut down of over 14 months, J. B. Rust, Dick Henley, John McGovern and another man were shot from ambush. Rust and Henley are dead and McGovern is probably mortally wounded. The company had refused to recognize members of the miners' union.

Representative Rixey and a number of prominent citizens of Alexandria, Va., yesterday called on Commissioner Yerkes of the internal revenue bureau and were given a hearing in opposition to the proposed change in the location of the principal office of the collector of internal revenue of the Sixth Virginia district frm Alexandria to Abingdon, the home of Mr. Summers, the present collector. Ten days were given the delegation in which to file a written argument against the change.

Dr. William D. Crum, the colored collector of customs at Charleston, S. C., who is visiting in this city, took occasion today to deny that he had been refused the services of a white wheel chair attendant at Asbury Park, N. J., as was stated in a news item August 14. Dr. Crum added that although he was visiting Asbury Park, with his invalid wife, he did not try to hire a wheel chair, nor did the proprietor of one of the board walk chair stands decline to order any of his white hands to push a chair for Mrs. Crum.

COTTON REPORTS SCANDAL.

F. A. Peckham Gives Bond—A Second Arrest Expected.

By Wire to The Morning Star.

Saratoga, N. Y., August 24.—Frederick A. Peckham, who was arrested here yesterday in connection with the cotton reports scandal in the Department of Agriculture, and who spent last night in jail in default of $12,000 bail, was again arraigned to-day, when his counsel argued that the bail was excessive and asked that the amount be fixed at $5,000. Bail was fixed at $10,000, which Mr. Peckham furnished. His bondsmen are E. D. Starbuck, president of the Citizens' National Bank, and W. W. Blackmer, vice-president of the First National Bank, both of Saratoga.

New York, August 24. — United States District Attorney Beach, of Washington, who has had charged of the prosecution of the cotton scandal, to-day conferred with Assistant United States District Attorney Wise. Afterward he went to Brooklyn. A second arrest was expected to-day. A number of subpoenas signed in Washington were filled out in this city and served to-day on witnesses, who will be wanted in connection with the case of Peckham when it comes up in Washington.

MISS ROOSEVELT HONORED.

Specially Invited Guest of The Empress of China.

By Cable to The Morning Star.

Tacloban, August 24.—Via Manila.—The transport Logan arrived here today with Secretary Taft and party on board. The visitors witnessed a great parade of citizens of Tacloban, who showed every sign of business prosperity and witnessed a dance of native children. Governor Curry, of Samar Island, introduced a delegation of 500 natives.

The transport Logan will sail for Legaspi, on the Island of Luzon, tomorrow, August 25th. The party will separate at Hong Kong.

Secretary Taft, Representatives Wiley, Howard and others will sail for home September 6th on the Korea, while Senators Newlands and Warren and Representatives Longworth, Gillett and Cochran, together with General and Mrs. Corbin and Mrs. Slocum will accompany Miss Roosevelt to Pekin to be royally entertained by the dowager empress of China. Miss Roosevelt is the specially invited guest of the Empress.

Miss Roosevelt and party will sail from Yokohama for American October 7th.

RESULT OF INVESTIGATION.

Men Caught in Collapsed Building Had Ample Warning.

By Wire to The Morning Star.

Albany, N. Y., August 24.—The coroner's examination of workmen who were digging a cellar under the Myers department store at the time of its collapse recently has shown that the men were warned of the approaching disaster for nearly an hour before the structure fell, and crushed the life out of thirteen persons, John Mitchell, the foreman, said that when he arrived on the morning of August 8th, he discovered that a large piece of earth had fallen from a corner of pier No. 8, the pier that has been the principal object about which the investigation has been centered and that half an hour before the crash came he and others saw that pier No. 9 had begun crumbling and that for half an hour the crumbling continued while the whole force of men were kept working at pier No. 8, with a desperation born of the knowledge that the safety of the entirely building depended upon it being shoved up in time. Five minutes before the crash came, the superintendent of the job left the gang in the cellar, saying he was going above to warn the employes off the floor.

A NORFOLK TRAGEDY.

W. E. Jones Kills Woman and Attempts Suicide.

By Wire to The Morning Star.

Norfolk, Va., August 24.—Captain E. W. Jones, of Company E, Seventy-first Regiment, Virginia Volunteers, to-day killed Maud Robinson, better known as Maud Cameron, by almost severing the woman's head from her shoulders with a razor and then attempted suicide by cutting his own throat. Jones is now in St. Vincent Hospital. The murdered woman was 23 years old. Captain Jones is about 30 years old and unmarried. The tragedy occurred at the woman's house.

PRESIDENT MAKES ANOTHER EFFORT

The Prospects for Peace Seem Desperate But They Are Not Hopeless

INDEMNITY THE OBSTACLE

Russia Remains Determined on the Question of Money Contribution—The Matter Rests With the Two Rulers.

By Wire to The Morning Star.

Portsmouth, N. H., August 24.—The prospects of peace seem desperate, but they are not hopeless, despite the prevailing pessimism. There is still a chance and the forces working for peace are continuing their labors. The President failed twice, but he is fighting on. The result of Ambassador Meyers audience at Peterhof yesterday was unsatisfactory, but at least, it was not a rebuff. It left the door open and within a few hours after the receipt at Oyster Bay of Mr. Meyers account of his audience, the President had sent a new appeal through Mr. Witte, who received it from Mr. Pierce about 3 o'clock this morning. The Emperor had already in effect declined the proposed compromise offered by the Japanese. He had refused it because under a disguise, Japan offered to withdraw the article asking renumeration for the cost of the war on condition that Russia repurchase from the military possession of Japan the northern part of Sakhalin at a fixed price of 1,200,000,000 yen, the estimated "frais de guerre." Every message received from Peterhof, including those that came early to-day, was inflexible upon that point. Had Japan not inserted the sum, had that been left for future adjustment, the proposition would undoubtedly have proved more palatable. And the Associated Press is in a position to state that the divergence in the compromise as suggested by the President and as offered by Japan at the conference which was mentioned in these dispatches last night touched this point. The President did not suggest any price or the fixing of a price, and it is believed that although this cannot be affirmed, that his latest effort is to secure the consent of the Emperor to agree to accept the Japanese proposition with the amount subject to future adjustment by an arbitral board or otherwise. According to the Japanese, Mr. Witte has already offered to divide Sakhalin. If the repurchase of Sakhalin was placed upon a purely business basis the following few lines from the authorized statement of the Russian position given to the Associated Press last night should be borne in mind:

"All that Japan does is to join the question of Sakhalin with that of a cash payment and to insist upon war costs under the name of purchase money. The transaction is fictitious and the terminology is misleading. If what is proposed be in truth a purchase and sale, it should be treated as such, and therefore, should Russia decline to buy the territory, Japan should keep it and conclude peace on the basis of the concessions already made."

Japan, it is believed, would make the further concession suggested by Emperor Nicholas would commit himself to this solution. This statement is based upon the words of the Japanese authoritity most competent to speak. When asked if it was correct as reported that the Japanese had said their last word, and that all hope was over, he replied:

"No, we have not declared our proposition of Wednesday was our irreducible minimum. We are not assuming a threatening attitude. This is not the way to make peace."

But the plenipotentiaries themselves no longer control on either side. The negotiations have passed from their hands to their principals at Peterhof and Tokio.

Most persistently the report continues to be circulated here that Emperor William has been one of the main obstacles to peace, that while ostensibly in sympathy with the President's efforts, he is advising Emperor Nicholas not to yield. The foundation for this belief is the fact which appears fully confirmed, that Mr. Witte's instructions were made more imperative and intransigent upon the question of indemnity and cession of territory after the Kaiser's interview with the Russian Emperor in the Gulf of Finland. Beyond this no evidence is offered. It is significant that Mr. Witte made it a point to-night to express his disbelief in the report from St. Petersburg which caused considerable consternation here that Count Lamsdorff has autaorized Reuter's agent to declare that Russia under no circumstances woul pay a contribution either direct or indirect or make a cession of territory whatever, Mr. Witte said he could not imagine that Count Lamsdorff could have authorized such a statement without informing him (Witte.)

PRESIDENT ROOSEVELT WAITS DEVELOPMENTS

Whether There Will Be Peace Will Probably Be Determined Within a Few Days.

By Wire to the Morning Star.

Oyster Bay, August 24.—A crisis in the peace negotiations is approaching rapidly. Whether there is to be peace between Russia and Japan or a continuance of the war will be determined very likely within a few days. Since he made his direct appeal to Emperor Nicholas, President Roosevelt has been awaiting developments, hopeful that such efforts as he has felt proper to make to avert a failure of the conference might not be futile. Today those developments began to appear. A report from Ambassador Meyer at St. Petersburg of his audience with Emperor Nicholas yesterday was received and in addition some important advices from Portsmouth reached the President. They were regarded as so urgent that as soon as they were received in the executive offices in the village they were carried to Sagamore Hill by a trusted executive clerk.

The utmost secrecy is manifested regarding the communications, not the slightest intimation of the nature of their contents being permitted to become public.

It is quite certain now that in addition to making a direct appeal to the Russian Emperor to take such measures as may bring the pending negotiations to a successful issue President Roosevelt has communicated with the Japanese government along similar lines. An impression is likely to be created by some recent reports of the President's activity in the peace conference proceedings that he is exerting the powerful influence he wields to force the envoys into some sort of an agreement. No such impression is warranted by the efforts he has made.

Moved by a profound desire to restore peace, the President has sent his good offices to the representatives of both of the war powers, but he has refrained from any effort which might be regarded as offensive either by Russia or Japan. Impressed by the belief that an agreement can be reached by the envoys after full discussion and rough consideration of all phrases of the question at issue, President Roosevelt finally has appealed for peace to the St. Petersburg and Tokio governments communicating his appeals simultaneously to the envoys themselves.

A SENSATIONAL STORY.

Doctors Offered Bribes to Conceal Cause of Mrs. Stanford's Death.

By Cable to The Morning Star.

Honolulu, August 24.—The tragic death of Mrs. Jane Stanford has been recalled by a sensational story published here to the effect that representatives of the Stanford estate practically offered Monetary inducements to local physicians to change their opinion that strychnine caused the death of Mrs. Stanford. The Star says that in different interviews, a representative of the estate indicated to the physicians that it would be satisfactory to the estate if they could revise their findings of poisoning, and in such an event their bills were not to be questioned.

San Francisco, Cal., August 24.—Referring to a cable despatch from Honolulu which initmated that efforts had been made to induce the autopsy surgeon and physicians who attended Mrs. Leland Stanford at the time of her death, to modify their first statements regarding poisoning, Attorney Wilson, representing the Stanford estate and Detective Captain Callunden to-day denied that there was any such attempt. They said all legitimate doctors' bills had been paid.

SENTIMENTS OF RUSSIA'S ALLY.

Believes Russia Ought to Accept Terms if They Are Hard.

By Cable to The Morning Star.

Paris, August 24.—The semi-official Temps to-day has a notable leader reflecting the growing French sentiment that Russia is losing ground by her delay in accepting the peace terms, even though they are hard. The paper says:

After the long and constant reverses suffered by Russian arms in the Far East, Russia will do well if she succeeds in preserving the integrity of her territory and escaping with the mere payment of indemnity, which is not a mortal wound.

Resisting the efforts of President Roosevelt and putting off the conclusion of peace already ripe, amounts to a refusal to look the facts in the face. It reverts to the fatal Russian system of 'Nitcheve,' which neither in diplomacy nor in warfare conduces to Russia's welfare.

DOESN'T LOOK PEACEFUL.

Large Orders for Armor Plate and Guns by Japan.

By Cable to The Morning Star.

Berlin, August 24.—Emperor William, the Associated Press is informed, has expressed to the members of his entourage his cordial recognition of President Roosevelt's efforts for peace and his hopes that they will prove successful.

Both the belligerent governments are putting out news paragraphs designed, seemingly, to strengthen their diplomacy. The Krupps, contrary to their usual custom, but doubtless in accordance with the desire of the Japanese government, announced the receipt of an urgent request yesterday to hurry Japanese orders for armor plate and guns costing $11,250,000, while the Russian government has issued an authoritative statement that it will never pay a kepeck for indemnity.

FIGHTING IN MANCHURIA.

Russians Reported Successful in Small Engagements.

By Cable to The Morning Star.

St. Petersburg, August 24.—The Emperor has received the following report from General Linevitch, dated August 22nd:

"Advanced Russian detachments on August 20th, drove back the Japanese from three positions. One detachment in the Tzinche valley occupied the village of Lagevtzeakzy, another operated in the direction of Schmiadzy and a third dislodged the Japanese from their position to the southward of Mopeyschau. The three Russian columns drove the Japanese back to their position near Sendjan."

General Linevitch also reports the repulse of a detachment of Japanese which was advancing on Kiaujorou-jou, in Korea.

GETTING FEVER UNDER CONTROL

A Quarantine Against the Infected Regions Outside of the City is Discussed

NEW CASES ARE DECREASING

Death List Somewhat Larger Than the Day Before—Gangs of Inspectors Are Covering Every Habitable Part of the City.

By Wire to The Morning Star.

New Orleans, August 24.4—Following is the official report to 6 P. M., Thursday:

New cases, 44; total to date, 1,600.

Deaths, 7; total, 226.

New foci, 10; total, 360. Remaining under treatment, 287.

There were no names of special prominence in the list of new cases. The new foci were principally up-town, only two of them being in residential neighborhoods.

Another nest of infection was found today at a point not far from Patterson in Assumption Parish. Ten cases were seen at Amelia and Dr. Charles Saignac says there have been 50 cases there in the past two weeks. A physician and fumigating force were sent there today. Twenty-eight new cases are reported from out of town points.

With yellow fever in New Orleans coming steadily under control, and apprehension no longer felt of a dangerous epidemic, Federal surgeons are anxious to put restrictions against free intercourse between New Orleans and infected regions in Louisiana to prevent a reincursion of the disease. The policy of such a move was fully discussed today in the conference of fever fighters with Governor Blanchard and the results are to be made known tomorrow. Many Italians and other foreigners fled from New Orleans to surrounding parishes when yellow fever first grew violent. They established nests of infection at various points and now many of them are drifting back to New Orleans, bringing back the infection.

Today's report of yellow fever in New Orleans is encouraging. The death list was somewhat larger than the day before but it was far from the maximum set earlier in the month. Only a small number of new fever centers were found and the number of new cases fell to 44, the smallest number reported for any one day since August 7, when the Federal officers took charge.

The region of original infection is again undergoing a thorough course of disinfection. This will be the third treatment given. A total of 36 squares containing 1,200 is embraced in the region.

Surgeon Von Ezdorf reported to Dr. White today. He has been identified with the sanitary work on the isthmus, where yellow fever has prevailed for some time, and because of his knowledge of the disease there was ordered to New Orleans by the department.

Professor Metz who has been given charge of the work of inspecting cisterns, gutters and pools, put 155 gangs of inspectors on duty today. Each gang consist of three men. They are to cover every habitable part of the city.

Another case of fever at Terre Aux Boueofs, the parish seat of St. Bernard, was reported today, bringing the total to 11 there. The disease is of a mild type. The fever on the Corrine plantation in the same parish is of more malignant type.

SEIZURE OF TOBACCO.

Government Defrauded in the Payment of Duty On It.

By Wire to The Morning Star.

New York, August 24.—Seizure of $20,000 worth of tobacco was made today by special treasury agents in a warehouse here. When the 108 bales of tobacco left Tampa, Fla., on July 25, after examination there, 50 of them were listed merely as filler tobacco on which the duty is 35 cents a pound, but when examined today these same bales were found to be composed, in a large part, of wrapper tobacco on which the duty is $1.85 a pound. As this is Cuban tobacco there is a 20 per cent. reduction on these duty figures which, when deducted leaves a difference of $1.13 per pound between the duty on the tobacco as listed in Florida and that found here. The duty was paid at the Tampa figures.

Tariff laws declare that filler tobacco which contains more than 15 per cent. of wrapper tobacco shall be classified as the wrapper article.

No explanation of how the tobacco seized in New York came to have so much wrapper goods in it was offered by Chief Treasury Agent Clayton. No arrests have been made. The 108 bales were found in a free warehouse.

ESCAPES THE THIRD TIME.

Johann Hoch Has Another Chance for His Life.

By Wire to the Morning Star.

Chicago, Augusta 24.—Johann Hoch, the many of many wives, convicted of the murder of one of them, and under sentence of death, has escaped the gallows a third time. He was to have been hanged here to-morrow, but a supercedeas was issued to-day on an order of Justice Magruder of the Supreme Court.

The justice said his careful study of the record satisfied him that there was enough doubt to justify a review of the entire case by the Supreme Court. The case will come up at the October term of the court at Springfield, Ill. Hoch has been confident that the sentence of hanging would not be inflicted.

STRUCK BY LIGHTNING.

Vessel Loaded With Naptha and Oil—No Lives Lost.

By Wire to The Morning Star

New York, August 24.—Struck by lightning during a terrific storm which swept Staten Island and the lower part of the upper bay at mid-night the ship Mulberry Hill, laden with case oil and naptha, lying in the stream midway between Tompkinsville and Stapleton was burning early this morning, lighting up the bay from the battery to Sandy Hook.

The crew of twenty-four men left the ship just after the fire started and landed at Stapleton. Word was sent to Manhattan for fire boats which hastened to flood the vessel with water.

The lightning hit the main mast and passed down the steel pole into the hold, causing a series of explosions.

WILMINGTON'S EXCURSIONISTS.

Sea Trip on Steamer Wilmington Yesterday—Newbern Excursion.

The large excursions from Charlotte and Rutherfordton returned last night, the first named leaving at 8 o'clock, the other at 9 o'clock. There were about one thousand people on these excursions. All seemed to thoroughly enjoy their visit to Wilmington and the seashore. Yesterday morning a large percentage of the visitors went out to sea on a special trip of the steamer Wilmington which was run for their benefit. In spite of the fact that quite a few paid tribute to Father Neptune, all on board seemed to have a good time and to appreciate fully the novelty of a trip to sea. The boat returned to the city about 4:30 o'clock. Mr. Frank Gough, excursion agent of the S. A. L., was in charge of the two excursions. He said the excursionists were very orderly and that he anticipated no trouble whatever on the return trip.

A negro excursion came from Newbern yesterday morning bringing about 450 people. The excursionists spent the day in the city and at the beaches. The train left on the return trip at 9 o'clock last night.

The excursion which was to have come here today from Rockingham has been cancelled. It is supposed that the reason for the cancelling of the excursion is due to the inability to secure the cars necessary to transport the people.

STOPPED BY THE QUARANTINE.

Lady and Five Children From Montgomery Detained.

Mrs. M. F. Bryant and five children who were stopped at Lake Waccamaw Wednesday night and not allowed to enter the city because they were not provided with health certificates, were allowed yesterday to proceed to Masonboro Sound, their destination. Mrs. Bryant and her children were coming here from Montgomery, Ala., and were stopped before they got within the bounds of the city. She was informed of the rules regarding the admission of strangers and of course complied with them.

In response to an inquiry from her a telegram was received yesterday from the Board of Health at Montgomery which stated that the lady and her children had not been in the infected district. Upon receipt of this information Mrs. Bryant and family were allowed to come as far as Hilton yesterday afternoon where they were met by Chief Quarantine Officer Green.

The strangers were allowed to take a carriage and go through the country to Mr. J. A. Hewletts on Masonboro Sound, whose residence was her destination when she was stopped at Lake Waccamaw. They will spend some time visiting Mr. Hewlett's family.

PERSONAL ENCOUNTER.

Regretable Affair Between Two Well Known Druggists.

Considerable excitement was aroused on Market street yesterday morning by a personal encounter between Messrs. D. A. Bulluck and Jos. C. Shepard, two prominent druggists of the city. The contest, though short, was fast and furious, and both parties emerged from it covered with blood and a little the worse for wear.

The whole affair was the result of some personal differences existing between the two gentlemen. Mr. Bulluck went to Mr. Shepard's store, and from words the matter was carried to blows. Several blows were passed before the two participants were separated.

Constable Savage who happened to be passing the store at the time the affair transpired, placed both gentlemen under arrest. Justice Furlong was telephoned for and he came to the store and recognized the belligerents until to-day at 12 o'clock, when the case will be heard at his office.

The case has excited a lot of comment, and the outcome will be awaited with interest.

Mr. Bulluck states that he had sufficient provocation for his action in bringing on the encounter.

Mr. Lord Promoted.

Mr. J. C. Lord, who now holds the position of chief clerk in the Car Accountant's office of the Atlantic Coast Line, has been appointed traveling passenger agent with headquarters at Montgomery, Ala. Mr. Lord's apointment becomes effective September 1st and he will leave for Montgomery in a few days to begin his new duties. This appointment comes as a well deserved promotion to Mr. Lord who is a railroad man of much experience and ability. His departure will be a source of regret to many friends in this city. Mr. Lord's successor has not been named yet.

W. L. I. Defeats Boys Brigade.

The W. L. I. bowling team defeated the Boys' Brigade team last night in the bowling contest at Lumina. The games started at 9 o'clock and were witnessed by a large crowd of interested spectators. Three games were bowled, the final score being W. L. I 1,838, Boys' Brigade, 1,661. The Light Infantry team was composed of Davir, Potts J., Wilson, Potts S., and Hatch. The Brigade bowlers were Young, Russ, Watson, Stokley and Hall. The next games will be bowled Saturday night by the Atlantic and Carolina Yacht Club teams.

Death of Mrs. Louise Pearsall.

Mrs. Louise Pearsall died yesterday afternoon at 4 o'clock at the James Walker Memorial Hospital, where she had been carried for treatment about ten days ago. Mrs. Pearsall resided at No. 612 Princess streets. She was 53 years old and leaves three children to mourn their loss. These children are Mrs. Pettigrew O'Neil, Miss Margaret Pearall and Mr. Charles J. Pearsall. The remains of Mrs. Pearsall will be taken to Goldsboro this morning where the interment will take place this afternoon.

Ex-Gov. Russell's Condition.

The following Associated Press dispatch was received last night from Baltimore: "Ex-Gov. Daniel L. Russell, of North Carolina, who came here a few days ago expecting to undergo treatment at the Johns Hopkins Hospital, has decided to go further North before placing himself in the hands of a physician. He will leave for some point not yet decided upon in a few days."

Marriage Yesterday.

Mr. Herbert Williams and Miss Mary Robbins were united in marriage Tuesday evening at 7 o'clock by Justice G. W. Bornemann. The ceremony was performed at the residence of Mrs. W. F. Penny on Sixth street between Wooster and Dawson streets and was witnessed by a few friends of the couple.
